An Introduction to Technology Transfer for Solid Dosage Forms

This course covers technology transfer for solid dosage forms, focusing on best practices, strategies, and real-world challenges through interactive sessions and case studies.

Format:
Bespoke training

CPD:
6 hours for your records (depending on your requirements)

Certificate of completion

Course overview

This course offers a foundational understanding of technology transfer specific to solid dosage forms, blending theoretical insights with practical applications. Through interactive sessions and case studies, participants will explore best practices for scale-up and technology transfer, strategise for smooth transitions, and master the critical do's and don'ts of the process. Real-world examples will be analysed to highlight practical challenges and solutions, equipping learners with the tools needed for effective implementation in the pharmaceutical industry.

Benefits of attending

- **Gain** practical knowledge from interactive sessions and case studies
- **Learn** an outline of the proven best practices for scale-up and technology transfer
- **Discover** how to strategise for a seamless technology transfer
- **Enhance** your understanding of the do's and don'ts during technology transfer
- **Analyse** real-world examples to understand practical application and challenges

Who should attend?

- Project managers
- Tech transfer specialists
- CMO managers
- R&D process managers
- Manufacturing project managers

Run this programme in-house for your whole team

Coming to IPI Academy for your in-house training provides an all-inclusive service which gives you access to a wide variety of content, learning platforms and delivery mechanisms as well as your own personal training adviser who will work with you from the initial enquiry through to feedback and follow-up after the programme.

With over 600 trainers, all practitioners and experts across a huge range of fields, we can provide the training you need, where you need it, when you need it, and at a price which suits your budget. Our approach to tailored learning and development consists of designing and delivering the appropriate solution for each client.

For your FREE consultation and to find out more about how we can work with you to solve your training needs, please contact our training advisers:
